

STATHAM & Company

MOVING & STORAGE

SHROPSHIRE

I've moved house with Statham & Co twice in the past 18 months and both times they were faultless. The crew were really friendly and helpful and seemed to genuinely enjoy working together. It took the stress out of moving.

Mr Cook - Oswestry

We couldn't have asked for more. Obtaining a quote and making a reservation was very easy; the movers arrived early on moving day and were incredibly pleasant and easy to deal with; our furniture and boxes were loaded onto the van quickly and unloaded at our new property with everything put in the correct rooms. Our larger pieces of furniture were taken apart and put back together efficiently. I wouldn't hesitate to use this company again if/ when we move in the future and am very grateful to the movers for taking all of the stress out of what would otherwise have been a very stressful day!

Mr Ashton - Gobowen

I had a great experience with this company from start to finish. The team was professional, friendly, and genuinely helpful throughout the entire process. They took the time to understand exactly what I needed and delivered everything to a very high standard.

Communication was excellent - quick responses, clear updates, and no confusion at any stage. It's clear they really care about their customers and take pride in their work "

Miss Wiffen - Shrewsbury

0333 050 1917 • www.stathamremovals.co.uk

We are a family-run removal company with over 30 years' experience in both domestic and commercial moving.

Although we have branches throughout Cheshire, Merseyside, North Wales and Shropshire, we strive to maintain our high standards - offering a personal touch to each individual move.

STATHAM & Company
MOVING STORAGE

We strive to become one of the leading removal companies in the area based on our reputation and quality of service.

We only use our own fully trained staff rather than outside contractors or agency staff. We have a large fleet of vehicles that range from 3.5 tonne Luton Vans up to 18 tonne Pantechnicons.

PACKING

Whether this is your first move or one of many you will know that there are lots to organise.

One of the first tasks to be carried out is the packing of your fragile items and sundry effects. You will find that the packing and decluttering of your goods can often take many hours or even days to complete, making this the most time-consuming part of a move.

Our highly trained crews have the expertise and experience to pack all sorts of items, which will be expertly wrapped, packed, and even unpacked with minimum fuss and delay.

As we are based in your region, we are never too far away to pack your belongings. In most cases we will come along and pack up your goods a day or two before your move. Dependent on the volume of goods to be packed, you may wish for us to make a start on loading some of your belongings the same day. Should this be the case, then we would hold your goods on our vehicle, inside our secure warehouse overnight. This method reduces the volume to be loaded on move day, which enables our team to clear your property in good time, stress free!

FINE ART/ANTIQUES REMOVALS

As well as carrying out both Domestic and Commercial Relocations we also have a dedicated specialist Fine Art Removals Team.

From moving or transporting individual art works or whole collections, we have the capability and know how. Whether you have treasured artworks or fragile historic precious pieces we can accommodate your needs, from moving a few miles away, or, to a different country.

Our friendly, dedicated Fine Art Movers have the skill and experience to move your goods safely from A to B, whilst ensuring the highest security and compliance regulations are met. Combined with the highest standards of care and commitment, we can adapt our service to meet your specific needs.

Our skilled porters are trained to move all items such as chandeliers, clocks, ornaments, paintings and artwork, as well as small and large items of antique furniture.

As full care and protection will apply to safely remove your goods to your new property we only use the highest standard of materials including fresh clean blankets, strong wrap sofa / arm chair covers and mattress protectors. Your current and new home are equally protected, as standard we will cover all carpets, hard surface flooring, bannister rails and doors.

0333 050 1917 • www.stathamremovals.co.uk

PIANO REMOVALS

All our trained staff have the knowledge to handle and move your piano, whether it's a standard upright piano or a large grand piano, we have the expertise! We only use the latest bespoke materials to wrap and protect your piano; our bespoke Strongwrap Covers are designed to fit any size piano from an upright to concert grand pianos.

We have the full capability to dismantle grand pianos and only use specialised equipment such as piano slippers, skates and piano trolleys. Our range of vehicles have low level access, hydraulic tailgates and ramps.

EXPORT WRAPPING / PACKING

Export packing and wrapping is the best way to guarantee your belongings are safe and secure whilst in transit overseas - making sure they arrive in the same condition they left the UK.

Our Export Removals team can wrap and protect a wide range of delicate, fragile items. Whether your goods are being moved overseas or locally, certain items of furniture will require additional protection, such as Dining Tables and Sideboards. These items of furniture are more likely to get damaged if not protected properly. As they are flat surfaces, lighter items of furniture and boxes are often stacked on them whilst in transit. By adding additional layers of protection such as export wrap and if required over-carding the likelihood of your furniture being scratched, gouged or bruised is kept to a minimum. Our team only use best packing materials tailored for your move, so you can be sure your items will be left in safe, caring hands.

SUPPLY OF MATERIALS

You may want to pack your own goods; this is quite common as it allows you to declutter unwanted items... why pay for moving items that may no longer be required.

When making a booking we will be happy to arrange a free delivery of packing materials. If you are not ready to make a booking but you wish to make an early start on packing, then we will be happy to provide packing materials. We will take a deposit for materials of which would be reimbursed when your booking is complete.

On condition that reusable materials are returned then these are free of charge! Feel free to contact one of our customer services representatives who will be happy to advise you on packing methods and the supply of materials.

Where possible, we only use recycled materials which have the best protection to your goods and to our planet. Sustainability is at forefront of our business strategy when procuring our materials.

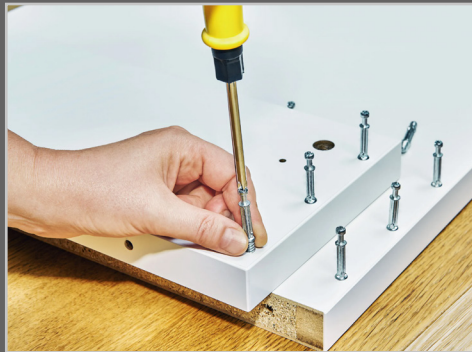

DISMANTLING / REASSEMBLY OF FURNITURE

Furniture dismantling and assembly can be a tedious task which is the last thing you want to deal with when moving home. We at Statham & Co can help.

Our experienced surveyors will firstly identify what items need dismantling during a home visit. We can factor the dismantling/reassembly into our proposal which will enable our Operations Manager to ensure that enough time is allowed within the move plan and most importantly that the appropriate staff are on hand to dismantle and reassemble the items swiftly and correctly.

We appreciate that you may not be aware of what items of furniture will fit into your new home, tight doorways, bends on stairs, etc. Our teams of porters have the experience to identify this before attempting to move them and are on hand with the skill and right tools to dismantle and reassemble them on move day.

Many items of furniture that won't fit down the stairs are generally included within our quotation. Any unexpected dismantling can generally be accommodated; however, some items may be more time consuming which may result in a charge to cover the overtime costs.

STORAGE

Should you require storage for a short or long period of time then at Statham & Co we have this covered.

We are happy to store single items of furniture or your full home contents.

Our current storage charges for a standard 250ft³ container start from a weekly rate of £10 per container plus VAT, which will be invoiced one calendar month in advance. This is normally paid by a standing order arrangement with your bank.

EUROPEAN & INTERNATIONAL REMOVALS

When you are looking to move your belongings to a new home in Europe, it is going to be a very exciting experience for you and your family. However, you have to make sure that you are completely prepared for a relocation so that you are not subject to any unnecessary stress. Hiring a professional removals company like Statham & Co to arrange and carry out your removal to Europe will allow you to concentrate on other matters of importance like informing your Utility Companies, Doctors, DVLA etc...

If you are moving to Europe from the UK, you will now be required to pass customs when moving goods through Europe. You will now be required to show a number of documents and information to avoid getting charged import duty on your personal goods.

You will need:

- Copy of passports
- Residency permit
- Your personal effects (furniture and boxed items) will have to be fully listed and individually valued.

Our trained international moving operators closely monitor all legislative changes and will be able to advise you on customs formalities.

At Statham & Co (Moving & Storage), we promise to be a part of your moving journey, no matter which side of the EU you go to.

Call our head office on 0330 050 1917 and speak to one of our sales advisors to get a quotation for your packing and moving services today.

RECYCLING

Statham & Co operate a 0% landfill policy and are registered waste carriers in the UK, fully compliant with UK laws and regulations.

Before looking at recycling your furniture we will always look at various options including:-

- Re-sell
- Re-use
- Donate
- Recycle

We offer a Shredding Service as part of our services, starting from £8 (inc. VAT) per max. 10kg bag.

We have a special partnership with a variety of charities, and we offer free charity furniture collections as part of your move

OUR MISSION STATEMENT

We strive to find the most responsible way to source our materials, minimising our impact on the environment and ensuring we support the communities we work with.

Mindful consumption is in our heart - buying better materials and packaging. Using long-lasting and responsible equipment designed for today, tomorrow, forever. We are committed to building a sustainable legacy that will enable a brighter future for people and our planet.

OUR TARGETS

- To achieve net zero carbon emissions throughout our business by 2040, reducing our greenhouse gas emissions across our supply chain.
- To increase our sustainably sourced products annually, with 2030 as our goal for 100% of our products to be sustainably sourced.
- To increase our share of recycled materials to 10% by 2030.

MAKING THE RIGHT MOVE!

When making the decision on appointing a removal company to relocate your worldly possessions there are some important factors to consider...

- Are they accredited to any trade associations?
- Do they sub-contract their work or use agency staff?
- Are they insured, if so what level of cover do they have?
- Are they vat registered?
- Do they offer a dismantling/reassembly service?
- Do they supply packing materials?
- Do they use bespoke materials to protect your furniture?
- Do you have backing from the Ombudsman in the event of a dispute occurring?
- Do they have any reviews on Google or any other Social Media platforms?

There are countless other questions you may want to ask, but these are a few that should be asked and considered when choosing your removal company.

We at Statham & Company, are proud to be accredited members of AIM (Association of Independent Movers) & Constructionline Silver Certified.. We are a family run 'independent' company and not a franchise, as many of our local competitors are. We strive in providing a first class service, with customer service being at the forefront of our daily operations. All our staff are vetted, employed by us and trained to the highest standard within the industry by industry recognised qualified trainers.

Our training includes:

- Customer Services Skills
- Surveying - Domestic & Commercial
- Health & Safety Goods - Manual Handling / Safety at Work
- Packing of Fragile / Non-Fragile Goods
- Fine Art Packing & Loading
- Export Wrapping
- Safe Vehicle Loading
- Piano Removals (all types)
- Commercial Moving
- Project Management
- IT Packing & Moving
- Forklift Training
- Driver CPC

In the unlikely event of you being dissatisfied with our service in anyway, then you have the right to complain to the Association of Independent Movers, who will mediate to resolve your complaint. This does not affect your statutory rights

The thoughtful pre visit convinced us to use the company to move home. Communication during the whole process was excellent. The team who moved us were caring, well organised, cheerful and efficient. Altogether a very good experience with Statham & Co. We would recommend the company to anyone wishing to move home.

Mr & Mrs Murray - Llanfyllin

I cannot recommend this company highly enough. From start to finish the service was impeccable. Cath in the office was so patient as our exchange date constantly changed and the removal men packed us up and moved us so efficiently and all done with great humour, all of which took much of the stress out of a very stressful time.

Mrs Dale - Baschurch

A pleasure to deal with from start to finish. Dependable and trustworthy staff who worked hard and efficiently on moving day. Very friendly and helpful and we would highly recommend this Company.

Ms. Yates - Meole Brace
